Unique selling points

Powerful, 3-Way Active System

- Total peak power of 3000 watts of Class D amplification.
- 12-inch subwoofer, dual 4-inch midrange drivers and 1-inch HF compression driver.

QSC LEAF™ Waveguide

- Patented QSC LEAF waveguide (first introduced in L Class).

True Coverage Control

- Precise and consistent coverage up to 20 kHz (V) and 18.5 kHz (H).
- Vertical: 35 degrees.
- Horizontal: 145 degrees.

Highly Portable & Adjustable

- The system consists of 3 separate elements.
- Each element is light with convenient handles or grip points.
- Tall and short system deployments.

Bluetooth® Audio

- Features True Wireless Stereo (TWS) Bluetooth (using 2x KC12 units).

Useful Functionalities

- Global Parametric EQ, Subwoofer level, application-specific Presets.
- Separate user-definable DSP settings for A and B inputs.
- Delay (200 ms) or Reverb.

Stylish

- Available in Black and White finishes.
- Minimalist and sleek system design.
- User-selectable blue LED (located on the subwoofer).

Robust Construction & Finish

- Scratch-resistant ABS plastic elements.
- Extremely durable Polyurea paint on wood surfaces.
- Aluminium Column Pole with ultra-strong, fiberglass-reinforced couplers.

No Visible Cables

- Hidden interconnections between system components.
- All input/output connections recessed at the rear of the system.

Benefits

- High fidelity, low distortion performance at any sound level.

- Natural-sounding high frequency performance.
- Impressive vocal clarity.

- A large audience is covered with a single loudspeaker.
- A stereo system will fill a very large room.
- Loudspeaker down-tilt optimizes audience coverage.

- Easy to carry and assemble (tote included).
- Light weight for single person transport.
- Dual deployments cover all applications.

- Ensures fast pairing between music source and both left and right loudspeakers.

- High degree of flexibility for a myriad of applications.

- System blends into any venue or event with style.

- Deployed systems are extremely stable.
- Ensures long lasting, elegant appearance.
- Minimizes wear and tear, even after years of use.

- Simple and practical deployments in any venue.
